Purchasing Information

Length (in.)	H+S Part Number	Description	Item Number
2.27"	AT-2377-DCM5	Mounting/Dismounting Tool, SMP3	85201028

*The Mounting/Dismounting SMP3 Tool is made for insertion and extraction of the SMP3 Female-to-Female Bullet, and must be purchased with the bullet, as mentioned below:

SMP3 Female-to-Female Bullet Adaptor, compliant with MIL-STD-31031. Supports a sub-3 mm Board-to-Board distance and helps us meet and exceed aerospace industry qualification and screening standards while minimizing the spacing between male interfaces and allowing for axial and radial misalignment.

Length (in.)	H+S Part Number	Description	Item Number
0.098"	31_SMP3-50-0-1	SMP3 Female Bullet	85164677
