

ClearConnex

Get Connected

Welcome to the KORE/ClearConnex Quickstart Program

With this device and your ClearConnex Developer Kit, you are ready to join the growing ranks of machine-to-machine (M2M) entrepreneurs delivering the next generation of M2M applications and solutions to the marketplace.

Get Started Today by Visiting:

clearconnex.koretelematics.com

and follow the step by step instructions.

How it Works:

Enroll and activate up to 25 devices for 90 days of testing. Upon completion of the Quickstart Program, you will have the opportunity to upgrade to a longer term commercial agreement with KORE as needed.

KORE M2M Network Services Provide:

- Speed to market – activate and test your M2M solution in days, not weeks
- Access to commercial grade GSM and CDMA networks with comprehensive coverage throughout North America and the World
- Access to the KORE comprehensive business management platform, PRiSMPro for activation, provisioning, data management and reporting

Getting Started is as Easy as 1-2-3!

- 1** Go to clearconnex.koretelematics.com.
- 2** Complete the easy 4 step application request form.
- 3** Once completed, you will be contacted by a KORE account manager. You will be prompted to sign a non-disclosure agreement, which will allow KORE to extend pricing and terms of use to you. Upon electronic agreement to the terms of use, you will be provided with the information needed to set-up your account with KORE. Average processing time can be as little as 2-3 business days.
