Notes:

- 1) Country of Origin is China.
- 2) Delivery Terms are EXWORKS seller's factory China.
- 3) For old "SC" and "SM" part numbers not listed above (i.e. SC3000-270-ASC and SC0370-270-RSS), please contact us directly if you have a good opportunity to quote, as we can handle these on a case-by-case basis as a special RFQ.
- 4) No "last time buys" are available as most of our old inventory has been depleted. If interested, please inquire about available "old" inventory.

Dear valued customer,

This letter is to notify you that LICAP technologies, Inc., has qualified and approved new source(s) for the manufacturing of all ultracapacitor cells and modules listed above. This change was necessary due to past supply chain issues, and to give us flexibility with multiple manufacturing sources. Therefore, we changed the part number prefixes from SC (Supercapacitor Cell) and SM

LICAP Technologies, Inc., 9795 Business Park Dr., Sacramento, CA 95827, USA <https://licaptech.com/>

(Supercapacitor Module) to UC (Ultracapacitor Cell) and UM (Ultracapacitor Module). The new cells have the same diameter, height, weight and performance as the previous cells. Also, the overall dimensions, weight and performance of all modules will not be affected.

LICAP can now accept purchase orders for all cells and modules listed in the table above. Lead times and delivery dates will be confirmed at the time of order.

Please contact your sales representative should you have any questions.

Thank you,

Marty Mills - VP of Sales
