Subject: Addition of second site for High-Voltage Diode Test

PCN #: PCN-01216

Dear Valued Customer:

MACOM Technology Solutions has a goal of providing redundant manufacturing capacity for increased surge capability as well as uninterrupted supply. In support of this goal, we are creating additional redundant capacity at our long standing contract manufacturer, Hana Microelectronics, in Ayutthaya, Thailand for the high voltage testing of the products listed below. We expect to begin shipping products tested at Hana in April 2019.
