Subject: Additional assembly, testing and packaging sites.

Dear Valued Customer,

MACOM Technology Solutions has a goal of providing redundant manufacturing capability for increased surge capacity as well as an uninterrupted supply chain. In alignment with this goal, we are pleased to announce the additional assembly, testing and packaging sites for the parts listed in the next pages.

In addition to our current site, we planned to assemble, test and package the parts at two of our long-standing Contract Manufacturers. The first CM is Year 2000, which is located in Ho Chi Minh City, Vietnam. The second CM is Hana Semiconductor, which is located in Ayutthaya, Thailand. Both of the two CMs are valued, high-quality manufacturing partner for many MACOM products.

In accordance with MACOM Technology Solutions' customer notification policy, you are receiving this notice because you have purchased one or more of the products listed in the previous two-year period.

Please contact your local sales representative if you have any specific questions.

Sincerely

Tom Galluccio
Director, Product Marketing
