Subject: Adding additional testing site.

Dear Valued Customer,

MACOM Technology Solutions has a goal of providing redundant manufacturing capability for increased surge capacity as well as an uninterrupted supply chain. In alignment with this goal, we are pleased to announce an additional testing site for the parts listed in the next pages.

In addition to our current sites, we plan to test these parts at our long-standing Contract Manufacturer in Malaysia. With new testing site, there will be changes on lock reel outer diameter from 7" to approximately 12" (per attached drawing).

After the change, the datasheet specifications will remain unchanged. Qualification data will be available upon request. Customer samples should be available by November 2025. Deliveries of this part from the new testing location will begin in November 2025 based on customer demand.

In accordance with MACOM Technology Solutions' customer notification policy, you are receiving this notice because you have purchased one or more of the products listed in the previous two-year period.

Please contact your local sales representative if you have any specific questions.

Sincerely,

Ryan Baker Senior Product Marketing Manager ryan.baker@macom.com

Grant Wilcox

PCN Number: PCN-01914 PCN Date: August 11th, 2025 Title: Adding additional testing site. **Proposed 1st Ship Date: Estimated Sample Availability:** In Nov, 2025 In Nov, 2025 **Change Type:** Assembly Site Design **Electrical Specification Test Site Assembly Process Mechanical Specification Test Process Assembly Materials** Packing/Shipping/Labeling **PCN Details Description of Change:** MACOM has identified a second source to test affected parts. There is no change to the form, fit, materials, or performance of the device as a result of this change.

Reason for Change:

Increase the flexibility and continuity of supply.

Products Affected:

- PTFC270101M-V1-R1K
- CMPA0560008S

Anticipated impact on Fit, Form, Function:

Form, Fit and Function unaffected.

Changes to product identification resulting from this PCN:

None

Appendix 1

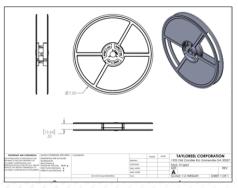

12mm Width Lock Reel Comparison

Use for Package size: 3x3, 3x4, 4x4, 5x5mm

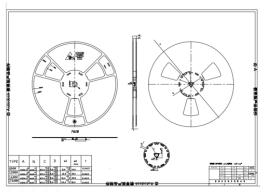

Current Component Reel

Diameter : 177.8 mm (7 inch)

Future Component Reel

Diameter : 330.2 ± 2 mm (11.8 inch)
