Subject: Substrate Supplier Discontinuance of Process with No Last Time Buy

Dear Valued Customer,

MACOM Technology Solutions current substrate supplier, Subtron in Tawan, is exiting this market. To ensure continuity of supply of the finished goods which are built with the affected substrates, MACOM is adding a new supplier. The substrates will still be sourced by ASE Korea. This new supplier is a well-established, volume supplier for this technology and type of product.

The existing part will be replaced by an identical substrate. The detail of the change is shown in the next pages. Qualification data will be available in September 2025. After the change, the datasheet specifications will remain unchanged.

In accordance with MACOM Technology Solutions' customer notification policy, you are receiving this notice because you purchased one or more of the listed products in the past two years.

Please contact your local sales representative if you have any specific questions.

Sincerely,

John Fenton
Associate Director Product Marketing

PCN Details

Description of Change:

Replacing the current substrate supplier Subtron who will no longer support our business with a new Supplier, who will supply an identical substrate part, with the same layer stack up and materials.

Reason for Change:

Ensure continuity of supply.

Products Affected:

MASW-011153

MASW-011199

MASW-011154

MASW-011200

MAAD-011061

MASW-011240

Anticipated impact on Fit, Form, Function:

Form, Fit and Function unaffected.

Changes to product identification resulting from this PCN:

None
