Subject: Additional sources for passive products.

Dear Valued Customer,

MACOM Technology Solutions has a goal of providing redundant manufacturing capability for increased surge capacity as well as an uninterrupted supply chain.

In order to expand capacity and meet our commitment to customers, we are planning to introduce two sources for passive parts in addition to the existing source in Vietnam. The first new supplier is located in China and is an existing supplier of passive products to MACOM. The second supplier is located in Ho Chi Minh City, Vietnam and is a new supplier to MACOM. Samples will be ready early Oct if required.

The part numbers affected are:

- **MABA-009210-CT1760**
- **MABA-011085**
- **MACP-011029**

In accordance with MACOM Technology Solutions' customer notification policy, you are receiving this notice because you have purchased one or more of the products listed in the previous two-year period.

Please contact your local sales representative if you have any specific questions.

Sincerely,

Aidan Mulcahy
Product Marketing Manager
