

22 April 2022

Product Change Notice

Type of Change:

☐ End of Life	☐ Material Change
☐ Facility Change or Addition	☒ Process Change
☐ Design Change	☐ Other- Packaging

Part Series Affected: Mini MOX (MOX400,MOX750,MOX1125) and RX-1M Series

Effective Date: May 2nd 2022

Starting May 2nd, 2022, the Mini MOX and RX-1M thick film resistor series will undergo a manufacturing process change. The application of thick film ink will change from a dipping method to printing method. This change increases yield, lowers lead times, and allows more precise application of ink to the substrate. This will be a running change applied throughout the part series and will have no effect on part performance.

OLD**NEW**

Best Regards,

Brandon Metzger
Marketing Manager

CC: Alex Herrera
Operations and Engineering Manager
