## 3 Description

The u-blox RCB-F9T-1 multi-band GNSS timing board has reached Initial Production (IP) status.

## 4 Schedule

Initial Production parts with FW 1.00 TIM 2.20 are available as of today. Relevant Initial Production documents (see Related documentation) are available on the u-blox website.

## 5 Customer impact and recommended action

Customers with earlier Engineering Sample parts are advised to update them with the latest firmware version FW 1.00 TIM 2.20. The firmware and the release note are available upon request from u-blox technical support.

Customers are recommended to study the updated documentation listed in the Related documentation section.
