Tel 315.233.5510 www.ttm.com

Justification:

This change was triggered due to an obsolescence notification from our suppliers.

The black ink is currently being used on other TTM RF & S resistive products and does not require additional qualification.

Timeline:

Parts will begin shipping with the black ink on or around March 1, 2022.

To help determine the impact of this change on customer system, samples of parts with the new marking can be made available as needed.

If you have any questions or need further information, please call me at 1-315-233-5510 or send e-mail to Sarvesh.nair@ttm.com
