

Wolfspeed® Product/Process Change Notification

PCN Number: PCN-00139

PCN Issue Date: September 23, 2024

PCN Type: Major

PCN Title

Manufacturing of Discrete MOSFETs (C3M) on 200-mm Wafers at the Mohawk Valley Fabrication (MVF) Facility

Description of the Change

Wolfspeed’s discrete silicon carbide (SiC) MOSFETs are currently manufactured on 150-mm wafers at Wolfspeed’s fabrication facilities in RTP and Durham, North Carolina, USA. To increase its production capacity, Wolfspeed will add its state-of-the art 200-mm wafer Mohawk Valley Fabrication (MVF) facility in New York and customers may receive material from either facility after acceptance of the PCN or after PCN expiration.

Benefit of the Change

The MVF facility will provide substantial capacity expansion and world-class automation to drive throughput and high quality to support its customers for various power applications.

Affected Products

Table 1 lists the products affected by this Major PCN.

Table 1. Affected Products List.

Wolfspeed Part Numbers
C3M0075120K
C3M0075120K-A
C3M0075120D
C3M0075120D-A
C3M0075120J
C3M0075120J-TR

Qualification Status and Report

Per request, Wolfspeed will deliver its qualification report associated with this PCN and any requested samples.

Anticipated Impact

Qualification and characterization activities have been performed to ensure the products in Table 1 are compliant to the same datasheet’s specification limits and qualification standards.

	Issue Date: September 23, 2024	Page: 1 of 3

Sample Status

Qualification samples can be made available by request via the Wolfspeed sample store for the part(s) affected by this change, preferably within 30 days from the issue date of this PCN to place any sample orders. Please visit: <https://www.wolfspeed.com/tools-and-support/sample-center/>.

Samples produced in Mohawk Valley Fab will be labelled in the store with an appendix of “-M” and a description of “**MVF 200MM QUALIFIED MATERIAL**”.

Please also contact your Wolfspeed sales representative to request qualification samples. During the PCN period, parts will be box-marked as QC3M0075120K-M, QC3M0075120K-A-M, QC3M0075120D-M, QC3M0075120D-A-M, QC3M0075120J-M, QC3M0075120J-M-TR, C3M0075120K-M, C3M0075120K-A-M, C3M0075120D-M, C3M0075120D-A-M, C3M0075120J-M, or C3M0075120J-M-TR.

Implementation Date

Table 2 provides the estimated dates for key PCN milestones based on the information available on the date this PCN is issued. Any updates to these dates can be provided by your Wolfspeed contact. Wolfspeed plans to expire this PCN three months after its issuance.

Table 2. Estimated Key PCN Dates.

Task	Date
Qualification Report	September 18, 2024
Samples	September 23, 2024
Projected First Ship Date	Upon PCN acceptance or three months post PCN delivery

Customer Acknowledgement

Customer is requested to acknowledge this notification within 90 days from its issue date by signing this PCN, scanning it into a pdf file, and emailing the file and any feedback to Wolfspeed at PCN@wolfspeed.com. Note that this change is deemed acceptable to the customer if no acknowledgement is received within 90 days from the PCN issue date.
