

## Wolfspeed® Informational Product/Process Change Notification

PCN Number: PCN-00204  
PCN Type: Informational

PCN Issue Date: July 25, 2025

### PCN Title

Labelling Change on Shipping Boxes to Remove MVF related “-M” Suffix from Wolfspeed Part Number

### Description of the Change

Wolfspeed’s Discrete silicon carbide (SiC) MOSFETs are currently 200-mm diameter wafers at Wolfspeed’s fabrication facilities in Durham, North Carolina, USA and in Marcy, New York, USA, respectively. During the initial ramp and qualification period of the 200-mm wafer Mohawk Valley Fabrication (MVF) facility in New York, Wolfspeed added a “-M” suffix to the end of the Wolfspeed part number on the shipping label. The official part number was never modified on the part marking or datasheets. This suffix was intended to be temporary to support 150mm and 200mm inventory segmentation. With this change, the “-M” suffix will be removed from the shipping box label.

Customers may still use the date code to identify 150mm and 200mm products.

### Benefit of the Change

This change aligns labels of products coming from NCF and MVF facilities.

### Affected Products

Table 1 lists the products affected by this Informational PCN.

**Table 1. Affected Products List.**

Wolfspeed Part Number	
E3M0075120K	E3M0040120K
E3M0075120J2-TR	E3M0040120J2-TR

### Anticipated Impact

No change is expected to the fit, form or function of the devices listed in Table 1. Example images shown below of before and after the removal of the “-M” suffix to the Wolfspeed part number. On the shipping label, the customer part number and the lot/date code identification procedure will remain unchanged.

This material is the confidential and proprietary information of Wolfspeed, Inc. It may not be used by any individual or entity except for company employees for company business. This material may not be disclosed or reproduced without the prior written consent of the company.	Title: Labelling Change on Shipping Boxes to Remove MVF related “-M” Suffix from Wolfspeed Part Number	
	Document #: PCN-00204	Rev: 0
	Issue Date: July 25, 2025	Page: 1 of 3

## Example with -M Suffix:

### BOX MARKING EXAMPLE

PRIOR TO PCN EXPIRATION AND -M BEING REMOVED  
USING K PACKAGE PN, BUT ALSO APPLIES TO OTHER PACKAGES

OUTER BOX

#### DATE CODE IDENTIFICATION

Date Code: XDWYYZZZ

X = Unique Package Identifier

D = Wafer Size Identifier; 150mm = A, 200mm = Z

WW = Work Week

YY = Year

ZZZ = Assembly Lot Serial Number

INNER BOX

## Example without -M Suffix:

### BOX MARKING EXAMPLE

AFTER PCN EXPIRATION AND -M BEING REMOVED  
USING K PACKAGE PN, BUT ALSO APPLIES TO OTHER PACKAGES

OUTER BOX

#### DATE CODE IDENTIFICATION

Date Code: XDWYYZZZ

X = Unique Package Identifier

D = Wafer Size Identifier; 150mm = A, 200mm = Z

WW = Work Week

YY = Year

ZZZ = Assembly Lot Serial Number

INNER BOX

## Implementation Date

Table 2 provides the estimated “-M” removal cut dates for Mohawk Valley Facility (MVF). Any updates to these dates can be provided by your Wolfspeed contact.

**Table 2.** Estimated Key PCN Dates.

Wolfspeed Part Number	MVF “-M” Removal Cut Date
E3M0075120K	Shipments starting 5/21
E3M0075120J2	Shipments starting 10/6
E3M0040120K	Shipments starting 9/29
E3M0040120J2	Shipments starting 9/29

## Contact Information

If you have any questions regarding this Informational PCN, please refer to the contact information listed in Table 3.
