1 Affected product versions

Product order code	Successor product order code
XPLR-AOA-1	XPLR-AOA-3
XPLR-AOA-2	XPLR-AOA-3

All orders of the above listed products placed after the notification date are **non-cancellable** and **non-returnable (NCNR)**.

2 Reason for discontinuation

The XPLR-AOA-1 and XPLR-AOA-2 explorer kits for Bluetooth Direction Finding and indoor positioning applications are now superseded by the XPLR-AOA-3 kit, which offers better performance and several feature enhancements [1]. It is possible to use the XPLR-AOA-3 with the u-locate software suite that includes a positioning engine [2] and middleware application [3].

3 Customer impact and recommended action

- Customers can continue using XPLR-AOA-1 and XPLR-AOA-2 in existing evaluation projects.
- Existing versions of the u-locateEmbed embedded angle-of-arrival (AoA) software [4] can be used with XPLR-AOA-1 and XPLR-AOA-2.
- For best performance and accuracy, customers are advised to upgrade to the successor product, XPLR-AOA-3.

4 Schedule

Last-time-buy date	Last shipping date
13-Sep-2024	30-Sep-2024

5 Contact

We thank you for your understanding and assure you our very best support. If you have any questions, please contact your nearest u-blox sales team.
