### 3 Description

The Release notes for MDR 2.16 and ADR 5.15 have been updated to include a statement that the respective products are not suitable for railway applications. For those, ZED-F9R is the recommended product.

### 4 Customer impact and recommended action

This change only applies to customers that intend to use the product in railway applications. Those customers are recommended not to use the product and use ZED-F9R instead.
